Liberty Under Law—Equal Rights—True Industrial Freedom

NEW "TIMES" FILM MAGAZINE

The Times has completed arrangements for the publication as a part of this journal of a weekly tabloid magazine in rotogravure to be devoted to motion pictures, Los Angeles' greatest industry. This magazine will give up-to-the-minute news of the tremendous activities of the great producing companies here, profusely illustrated with rotogravure pictures. No effort nor expense will be spared to make the publication of the maximum interest to the public as well as of authoritative information to the producers and exhibitors of the world. Further announcement of details will be made shortly.

POINCARÉ MAY YIELD TO BRITAIN ON REPARATIONS

Premier Said to be Convinced He Must Agree With Allies; Berlin Appears Weakening

BY WYTHE WILLIAMS
[BY CABLE-EXCLUSIVE DISPATCH]
[Copyright, 1928, Public Ledger.]
PARIS, June 22.—Two weeks of cross-channel note writing and diplomatic pourparlers, principally between London and Paris, finally have brought Premier Poincaré to what was described to me today as the "psychological point" in the entire reparations question—France is ready to yield and M. Poincaré himself is convinced he must yield to the counsel of England and Belgium, but that animal known as the "political constituency" still alarms the French Premier.

It can no longer be concealed by the most adroit Foreign Office propaganda that Belgium definitely has gone over to England, and that under the most unusual circumstances France would do well to carry it with her allies.

MUST PLACATE BLOC
As the entire situation was revealed today by a liberal-minded French statesman, who was a party to the recent negotiations, it appears that French adhesion to the Anglo-Belgian rapprochement might require a sacrifice of principle if she joins the Allied party, that France still has a free hand to decide her own course, and that the agreement between France and England has not increased in a marked manner since the first of January. Last, on the other hand, the union between France and Belgium always has not been as smooth as the relations between such allies should be.

Furthermore, the occupation of the Ruhr works no material advantage to Belgium. Traffic at the leading port, Antwerp, has greatly diminished and many commercial agreements between the Belgians and Germans have been annulled. But the incident which was the cause of the last Brussels conference, Poincaré appeared more and more isolated in view of the estrangement from his ally while Belgium was leading negotiations with England. In the meantime, Premier Baldwin, informed the French and Belgian ambassadors:

"I am willing to be most patient in disentangling the situation, if the parties can agree to a common decision."

WOULD REDUCE ARMY
Furthermore, it is understood that a French-Belgian agreement would be followed by a British note to Chancellor Ciano, urging an end to German resistance and giving assurances the forces of occupation would be reduced to an allied police force.

Accordingly, if the protests of the French conservatives do not upset Poincaré at the last minute, an agreement is likely to be reached which will reform the Entente and relieve the tense strain in the Ruhr.

A new element in the situation is the forthcoming visit of Andrew W. Mellon, American Secretary of the Treasury, to London, which is causing much speculation here and that fact is not unseen in the day-to-day developments at the Quai d'Orsay.

MAY END RESISTANCE
[BY CABLE-EXCLUSIVE DISPATCH]
BERLIN, June 22.—France's stern and uncompromising action in the case of Georges, the German engineer, whose death sentence for acts of sabotage has been commuted, has brought about the possibility that Germany's policy of passive resistance in the Ruhr soon may be ended.

A strong pressure is being brought to bear on the German government to make far-reaching concessions to the French in order to save the engineer's life. In a political circle here there is an apparently well-informed opinion that within a day or two the German government probably will announce to the Allied and American governments that it is willing to terminate passive resistance in the Ruhr on the following conditions:

- (1) That Georges be pardoned.
- (2) That all Germans sentenced to prison terms on account of their passive resistance be pardoned and released.
- (3) That the French and Belgian occupation be made "invisible" by reducing the number of soldiers stationed in the Ruhr area and conforming to the rules observed by the Allies in the old occupied territory.

POPE ACTS
Even before it became known in Wilhelmstrasse that the French seemed determined to make an example of Georges as they did in the Schlegel case, the great industrialists of the Ruhr region had been carrying on a campaign in favor of calling off the passive resistance so that Baron Krupp Von Bohlen Und Halbach and other Ruhr industrial leaders now held by the French would be pardoned and released.

From authoritative sources in Rome there is information that a Pontifical document concerning the pacification of Europe and treating of the Ruhr and Near East questions in detail will appear soon. It is to be an appeal to the pope in the form of a letter to the Cardinal Secretary of State. It will be, it is believed, one of the most important of the Pontifical declarations yet made.

It Was About Time We Came Out of It!

GRECO-TURK ROW FLARES ONCE MORE

Apparent Slight by Imet Draws Fire From Head of Greek Delegation

[BY CABLE AND ASSOCIATED PRESS]
LAUSANNE, June 22.—The Greco-Turk difference which everyone had thought patched up, came suddenly to the fore again today when Imet Pasha proposed to allow the commercial convention in the Lausanne Treaty to run only one year for Greece, as compared with two years for Rumania and Jugo-Slavia and five years for the Allies.

M. Venizelos, head of the Greek delegation, made a demand to know why Greece was not treated in equality with the other Balkan States. His country could never accept such discrimination, he said.

Imet had a ready reply, explaining that the Turks did a great deal of business with the Greeks and that therefore Turkish interests might require a revision of the agreement with them sooner than with other States.

The Near East conference, which had gone into session today, after seventeen days of idleness, in order, as Sir Horace Rumbold, of Great Britain said, "to inject a little artificial life into the conference."

It therefore adjourned without any action being taken.

WOBBLES IN SOLITARY

Twenty-five I. W. W. Inmates at San Quentin Support Comrade in Insubordination

[EXCLUSIVE DISPATCH]
SAN FRANCISCO, June 22.—Twenty-five I. W. W. prisoners went on strike and were placed in solitary confinement at San Quentin prison late today, in an effort to force the release of William Flanagan, convict from Sacramento, who had been placed in the dungeon for refusing to work in the jute mill. All the men were serving sentences of from one to fourteen years for criminal syndicalism.

Flanagan quit work today and announced he was through. S. L. Randolph, captain of the guard, offered him a chance to go back to his post, but he stubbornly refused.

TAKEN TO WARDEN
Randolph took him to Warden Johnston, who told him that he could either have to return to work right away or be confined in the dungeon. Flanagan chose the latter alternative and was taken to the dungeon, where he was put on a bread-and-water diet.

As soon as the word spread that Flanagan had been sent to the dungeon, twenty-five other convicts, thirteen employed in the jute mill and twelve in other parts of the prison, refused to do any further work. They said they would continue their strike until Flanagan was released from the dungeon.

The dungeon did not have accommodations for the twenty-five strikers and Warden Johnston ordered the men placed in solitary confinement until they decided to call off their "sympathy" strike.

MEMBERS OF CROWD
The men are John Golden, Humboldt; Michael J. Dunn, Alameda; William Baker, Los Angeles; Abe Shocker, Los Angeles; Frank Sherman, Toledo; H. Williams, Humboldt; Patrick Casey, Alameda; H. W. White, Los Angeles; Frank Cox, Humboldt; R. Gibson, Sacramento; John Orlando, Sacramento; Laurie Manuel, Humboldt; William Gooset, Sacramento; Frank Franklin, Sacramento; F. Vargo, Sacramento; F. Bailey, Sacramento; F. Gross, Los Angeles; Albert Tagland, Sacramento; C. F. McGiath, Humboldt; Paul Ware, Los Angeles; R. Leonard, Los Angeles; Roscoe Thurman, Imperial; Claude Irwin, Los Angeles.

MT. ETNA LAVA FLOW ENDS

United States Cruiser With Ambassador Child on Board Reaches Scene to Give Aid

[BY CABLE AND ASSOCIATED PRESS]
LONDON, June 21.—A Central News dispatch from Rome says the flow of lava from Mt. Etna has ceased. According to an Exchange Telegraph message no further towns are endangered by the eruption.

[BY CABLE AND ASSOCIATED PRESS]
CATANIA, June 22.—The United States cruiser Pittsburgh, with Richard Washburn Child, the American Ambassador, and his party on board for a visit to the scene of the Mt. Etna disaster, arrived here today. Mr. Child is accompanied by the Counselor of the Embassy, Frederick M. Gunther, and the Military Attaché, Capt. Raymond D. Harbrouck.

The perfect an dthe Mayor desired to give a reception in honor of Ambassador Child, but the latter told them that while greatly appreciating their kindness, he had come only to visit the scene of the disaster and bring the stricken population any comfort he was able to offer.

Taking a motor car, the Ambassador and his party drove off to Linguaglossa amidst the cheers of the street crowds, who cried: "Viva America!"

RELIEF CROSS OFFERS AID
[BY A. P. NIGHT WIRE]
WASHINGTON, June 22.—An offer to help relieve suffering which has resulted from the eruption of Mt. Etna was extended to the Italian people today by the American Red Cross.

The Red Cross also announced that it had forwarded an emergency relief fund of \$5000 for sufferers from the recent earthquake in Persia. Reports to the organization were that 2700 persons were killed and thirty-nine towns destroyed.

KANSAS CITY GIVES HUGE OVATION TO PRESIDENT

Speech on Transportation Needs of Nation Captures Audience; Leaves for Hutchinson

[BY A. P. NIGHT WIRE]
KANSAS CITY (Mo., June 22.—President and Mrs. Harding and their party left Kansas City shortly before midnight tonight for Hutchinson, Kan., where the President will deliver the next prepared address of his western trip. Mr. Harding seemed to have virtually recovered from the severe case of sunburn contracted during a ride about the city early in the day which caused him to remain at his hotel during the afternoon while his physicians treated his swollen lips and blistered face with ice packs. His face, however, still was reddened from the effects of the rays of a burning sun.

TRAGIC ACT OF AUTHOR

Plea of Wells in Vain

Famous British Historian Sees Translator as She Cuts Throat

Motive for Attempt at Suicide in London is Unexplained

[BY CABLE-EXCLUSIVE DISPATCH]
LONDON, June 22.—Mrs. Hedwig Guttenberg, an Austrian woman writer, wearing only a nightgown under a long coat, cut her throat in H. G. Wells's apartment at Whitehall Court, Wednesday night, but it is not thought she will die.

News of the attempted suicide was successfully concealed until today when some details of the incident were learned. The police still refuse to give the woman's name and Wells refused even to see newspaper men tonight.

The woman has translated several of the British author's novels into German and he has known and corresponded with her for about ten years. She had been in England a few months when she called at the novelist's flat Wednesday, about 7:30 p.m., just as he was dressing for dinner.

He asked her to wait in his study and a few minutes later, joined her there in his evening clothes. The woman, described as a small, good-looking brunette, threatened to commit suicide. Wells tried to calm her and finally went downstairs to ask the hall porter to call the police.

He had left her sitting in a chair in the study; when he returned she was walking up and down with the

HARDING TELLS RAIL NEEDS

Dependable Transportation is Theme of President's Address Before Kansas City Audience

[BY ROBERT B. ARMSTRONG
[EXCLUSIVE DISPATCH]
KANSAS CITY (Mo., June 22.—Compulsory consolidation of the railroads of the United States into a score or less of great systems under Federal law is forecast by President Harding in his address on the railroad necessities of the country.

He spoke tonight in convention hall to an immense audience that thronged the historic structure, and his voice reached several million persons in the Middle West by radio and amateur. It was even a greater success than last night at St. Louis, where the President's words, broadcast all over the Atlantic coast, brought forth messages of congratulation and indicated the record-breaking size of his audience.

Great efforts were made to prevent the President from making this address here on the subject of railroad consolidation, but after close study he determined to present to the people his convictions on the need for drastic action in revising the transportation situation to prevent reversion to government operation and consequent extravagance and inefficiency.

VIGOROUS APPLAUSE
The President's remarks were well received and in many cases he was vigorously applauded as he clarified the whole transportation problem as one of the fundamental things for the restoration of permanent prosperity and the protection alike of producers and consumers.

The President's reception in Kansas City was the greatest of any place yet visited on his journey from Washington to Alaska, and for over two hours after his arrival he was greeted along the route of the parade through the business and residence portions of Kansas City by tremendous and enthusiastic crowds. They were eager to see the Chief Executive and the first lady of the land, and they remained in line for hours in the hot sun. When the Presidential party passed along the line the enthusiasm was undimmed and the reception given was one of enthusiasm and a real American welcome.

Explaining the argument for additional legislation to compel railroad consolidation, President Harding pointed out that in England where the carriers were taken over during the World War and subsequently were turned back to private operation, they had all been merged into four systems. In

LLOYD SELECTS NEW STUDIO

Comedy Star Moving Into Hollywood Plant Where He Will Make His Comedies in Future

The Hollywood studios will succeed the Hal Roach studios as the home of Harold Lloyd productions. This announcement was made yesterday by William R. Fraser, general manager of the Harold Lloyd Corporation, following the signing of a contract with Joseph Jasper of the Hollywood studios.

Lloyd has been assigned unit No. 4 at the Santa Monica boulevard plant and all preparations have been made for the housing of the company.

John L. Murphy, production manager of the Lloyd organization, is directing the moving of the company from the Roach lot to the Hollywood studios, which will be occupied after today by the Lloyd organization. Offices will be maintained by Lloyd in the main administration building, and all dressing rooms to be used by the comedian's company have been renovated.

Meanwhile Lloyd and his bride, Mildred Davis, leave for New York today on their honeymoon which has been postponed for several months to allow the star to finish his latest production.

An official reception will be tendered to the bridal couple in New York by a committee appointed by Mayor Hylan, according to a wire received yesterday by Lloyd.

The story for Lloyd's next picture is now under preparation by Fred Newmeyer, Ted Wilde and Tim Whelan and may be ready for the star's approval upon his return to Los Angeles in a month.

"Lloyd's plans for the future will not be affected by his entrance into the independent producing field," said Mr. Fraser yesterday. "He will continue the production of five and six reel pictures, striving for the variety of comedy that he has obtained in 'Grandma's Boy.' 'Safety Last,' and in his latest picture, tentatively titled 'Why Worry?'"

DR. STIVERS TO TALK AT MEDICAL MEETING

Dr. Charles G. Stivers, prominent Los Angeles speech defect authority, leaves Sunday for San Francisco, where he will show motion pictures on speech troubles before the American Medical Association. Dr. Stivers has made his profession a life study.

From San Francisco Dr. Stivers will leave for New York and on July 4 will sail on the Leviathan for England and the Continent. While in Europe Dr. Stivers will study European methods and progress.

W. W. Spicer Gains Fifteen Pounds Taking Tanlac

"Tanlac has built me up so that I can eat and sleep like a man," said W. W. Spicer, 111 Boylston St., Los Angeles, well-known employee of the Bell Oil Company.

"Why I gained fifteen pounds and am eating and sleeping like a man," said W. W. Spicer, 111 Boylston St., Los Angeles, well-known employee of the Bell Oil Company.

"Well, I lost a great deal of weight and was just about discouraged, but my first bottle of Tanlac helped me so much that I was encouraged to continue the treatment. I never felt better in my life than I do now and I gladly give the credit where it belongs—to Tanlac."

"Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold."

MOVE FOR CITY PARK EXTENSION

Definite Plans Will be Decided at Meeting to be Arranged Soon

In an endeavor to co-ordinate the many plans suggested for the extension of the city park system local officials, members of leading civic organizations and mere observers gathered at a get-together luncheon at the Chamber of Commerce yesterday and before adjourning paved the way for a future meeting when some definite scheme will be decided on.

The majority of those present declared themselves wholly in favor of the movement to acquire "breathing spaces" throughout the city, declaring that parks and rest areas are absolutely essential to the city.

W. H. Pierce, chairman of the meeting, presented the purpose of the gathering, declaring that the City Council will do as their constituents desire, provided the matter is put before them in the right way. He insisted that 1 cent of the 6-cent amendment allotment be turned over to the park department for extension use.

Councilman Wheeler, often referred to as "Daddy of the Park System," protested that he didn't know how such action could be taken.

Among those present were Mayor Cryer, Councilmen Wheeler, Sanborn, Conaway and Allan, Councilmen-elect Gregory and Workman, C. Gordon Whitnall, Paul Hoffman, Chamber of Commerce President Bishop, Van Griffith, Mrs. Cora E. Lewis, Mrs. Herman Darling, Mrs. Mary Bartlett, Warren B. Bovard, W. H. Pierce, Sumner P. Hunt, Superintendent of Parks Shearer, and Col. Frank M. Rublee.

F. E. ALFORD GIVES CASH TO ONTARIO

Compromise is Reached by Which Further Trial of Accused is Stopped

(EXCLUSIVE DISPATCH)

SAN BERNARDINO, June 22.—By a compromise reached late yesterday, Fred E. Alford, under sentence of from two to twenty years for theft of \$30,000 from Ontario while acting as City Manager, dropped the appeal of his conviction and was granted immunity from further prosecution. He also paid Ontario city trustees \$40,000 in cash.

The settlement was reached after conferences between Alford's attorneys and Chief Dep. Dist. Atty. Hart, representing the State, and Attorney Walter E. Byrnes of San Bernardino, representing Ontario.

Alford was convicted on the first ballot by a jury three weeks ago of charges contained in a grand jury indictment. His attorneys, John L. Richardson, of Los Angeles and Raymond E. Hodge, of San Bernardino, filed an appeal on a technicality.

On a charge of a conspiracy to defraud, Alford was to have gone on trial Tuesday with John E. Hulme, a Los Angeles business man, with whom he was jointly indicted in an asserted theft of \$40,000 in addition to the \$30,000 for which he was convicted.

Alford tonight again denied his guilt, explaining that he "had accepted the easiest and best way for his wife and mother out of a bad situation."

Alford sold today the Alford Building in Ontario for \$35,000 to Fred E. Hall. Another business block in Ontario, valued at \$25,000, was not affected in the compromise. The city filed a suit against Alford to recover \$40,000 when Alford was indicted nearly a year ago. His trial was one of the most sensational in the history of San Bernardino county courts.

Alford will be taken to San Quentin next week. He was City Manager of Ontario for nearly twelve years.

EXPOSITION PLANS GIFT TO HARDING

Opening Night Ceremonies to be Filmed and Sent to President

A motion picture of the elaborate ceremonies planned for the opening night of the Monroe Centennial and Motion Picture Exposition here on July 2, will be made by Maurice Tournier, the director, and sent by special car as a gift to President Harding, who is on his western tour.

This plan was formulated by the director as soon as it became definitely known that the President could not arrive here in time to be present at the opening of the exposition. Word to this effect was sent to the Chief Executive last night by Mr. Tournier, who plans to equip a special car with laboratory effects that will enable the film to be rushed to the train and developed while en route. As a projection machine will also be brought, it will be possible to exhibit the film to the President as soon as it reaches him. Final arrangements for the taking of the picture are being held up pending the receipt of the President's approval.

SUSPECTED BOND THIEF PROMINENT

Cayotano, Belendez, Former Broker, Real Estate Dealer in Calexico

Cayotano Belendez, one of the eight suspects held in connection with the investigation of the \$450,000 bond theft and murder of Sam McGee, a First National Bank chauffeur, was prominent as a broker, rancher and city realty dealer in Calexico during the Cantu administration in Lower California, according to advices received from that city yesterday.

His brother, Tomaso, since dead, was at one time Treasurer of Lower California and formerly was engaged in business in Calexico. Belendez now held in Los Angeles, suffered large losses of fortune when hog cholera invaded his ranch and also deprived of property in Calexico by attachments and litigation at various times. It was stated, Fred Dato, brother-in-law of Gen. Cantu, was his partner in the brokerage business, it was said.

Friends of Belendez at Calexico are reported surprised at his arrest and refuse to believe him guilty of complicity in the bond robbery and murder.

Captain of Detectives Home announced yesterday that a conference of police insurance officials and detectives will be held tomorrow morning in Central Police Station to determine the next move in the case. Following this conference, which is expected to virtually close the investigation, the case will go to the grand jury. Whether the actual slayer of the bank's chauffeur is under arrest is a question and Capt. Home has declined to make a statement one way or the other.

BUILDING IS EXHAUSTING MATERIALS

Cement Mills Can't Keep Up With Construction; Threatens Development

So great has been the amount of construction in Los Angeles that cement mills of Southern California have been unable to keep up with the demand, thus resulting in a shortage of cement which is threatening the development of the city.

Contractors of Los Angeles yesterday so informed the transportation committee of the Chamber of Commerce at a special meeting called to request the chamber to use its influence to procure reduced railroad rates on cement from Utah. No decisions for action were reached at the confab, and a second meeting at the Chamber of Commerce has been called for Monday noon, when many contractors, real estate men and others are expected to attend.

E. P. Bosbyshell, chairman of the committee, who waited upon the chamber, last night said that thus far the shortage was not seriously affecting the building in the city, though it was costing contractors more to import the amount of cement being shipped here from Utah. He expressed confidence that some relief for the situation will soon be reached, but asserted serious loss in construction would result should no relief be obtained.

Utah cement mills are said to have agreed to reduce prices to Los Angeles contractors provided huge lots be purchased, and efforts have been brought to bear on the Interstate Commerce Commission to permit the Union Pacific Railroad to reduce its freight rates for the emergency, as the railroad agreed to do.

Mr. Bosbyshell, however, expressed fears that the Interstate Commerce Commission would not permit the reduction inasmuch as intermediate points between Los Angeles and Utah would also demand a similar slashing of rates.

MOROCCO TRIBES GIVE FRENCH TROOPS BLOW

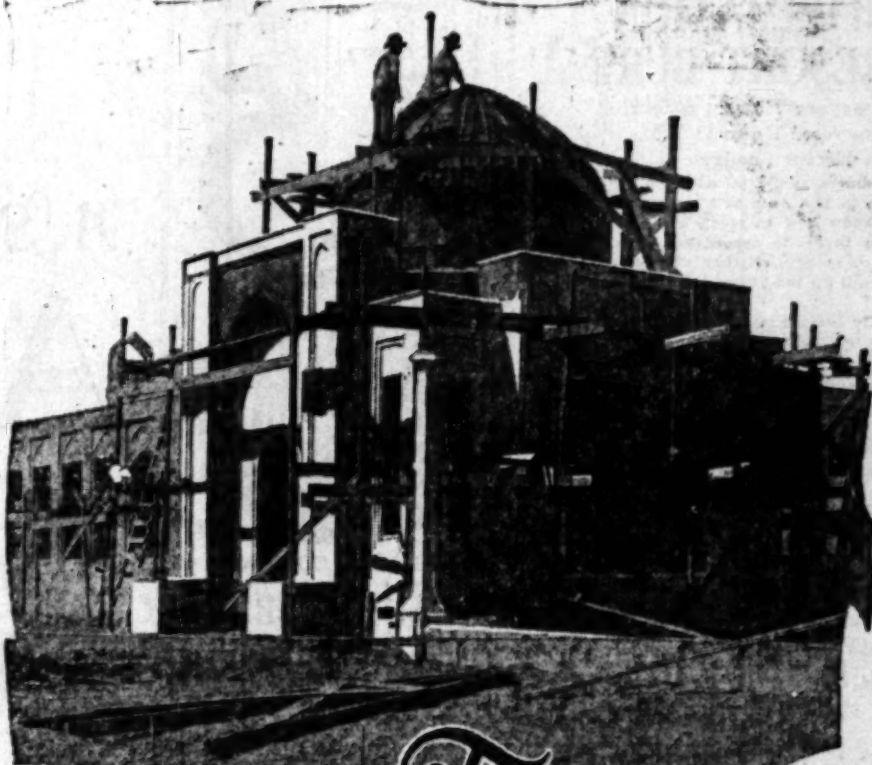

(BY CABLE AND ASSOCIATED PRESS)

PARIS, June 22.—French troops have suffered "appreciable losses" in their present campaign to conquer the remaining Moroccan tribes in the Atlas Mountains. War Minister Maginot told the Senate during discussion of the war budget today. He agreed to give the exact casualty figures to the army commission. The minister's explanation was drawn by a question from Senator Victor Berard, who asked whether it was true that the casualties suffered by the French army of 9000 men in attacking the tribes in the mountain heights were "such as to make the operations a veritable war."

COOK FINISHES FIRST COMEDY FOR ANGER

With the return of Clyde Cook and his company from location yesterday, "Under Orders," Cook's first comedy under his new contract with Lou Anger Productions, has been completed.

The production, which is a travesty on henpecked husbands and militant suffragette wives, was written by Willard Mack. It is a two-reeler and was directed by Albert Austin. Joe Roberts and Blanche Payson are in the supporting cast. "Under Orders" is the first of a series of comedies the former Fox star is making for Lou Anger Productions. Its original title was "Apple Sauce."

A glimpse of one of the Administration Buildings now under construction in Girard—on Ventura State Highway at the intersection of Topanga Canyon Drive.

They had reasons for their confidence in the future success of the New Town of GIRARD

—and they know now that their faith was well founded

People from every State in the Union have invested in Girard. But before they invested in this new community they were shown Southern California on a Girard Free Educational Tour. They were shown the facts of Southern California's past growth—were shown many other communities that had risen and prospered, doubling and redoubling property values many times—and they saw many reasons why history would repeat itself in Girard.

Among the buyers in this new community are many conservative, hard-headed business men. They studied the reasons back of this new community—and they weighed carefully the character of the men who are sponsoring this development.

The names of these men, some of which appear in this advertisement, mean more than many pages of idle promises and forecasts.

See and learn Southern California on a Girard Educational Tour—

DANES PREFER YANKEE FILMS

Scandinavians Admire Same Stars Americans Do

Cuban Theaters Patronizing Market Here Also

German Product Unpopular in Havana Now

(EXCLUSIVE DISPATCH)
WASHINGTON, June 22.—About 70 per cent of the motion pictures in the Danish market are of American origin, says Consul-General M. L. Fletcher in a report to the Department of Commerce. Danish tastes are similar to American and the same stars that have a popular following in the United States are usually popular in Denmark.

Most American pictures are sold for all three Scandinavian countries, the purchasers later re-distributing them in the individual countries.

In Denmark there are at present two motion-picture producing companies and twenty-one domestic and foreign distributing and exchange companies. These concerns operate throughout the entire country.

Copenhagen is the center for distribution in Denmark, and many Danish motion-picture dealers buy also for Sweden and Norway.

Denmark has 298 motion-picture theaters, four with a seating capacity of over 1000, two seating from 600 to 1000, forty accommodating from 200 to 600 and 233 seating 200 persons or less. Programs in these theaters usually change once a week but a good picture sometimes runs for much longer periods.

CUBA ENJOYS FILMS

American motion-picture companies have recently taken an increased interest in the Cuban market and the promotion of films made in the United States has been pushed energetically, according to Consul-General C. B. Hurst, Havana, in a report to the Department of Commerce.

American companies now manage two of the largest motion-picture theaters in Havana and capital has been invested in smaller distributing companies. This activity has increased the predominance of American films in Cuba.

There are at present 300 or more picture theaters in Cuba. In addition, many of the sugar mills have facilities for and exhibit pictures.

The films that are selling best at the present time are wild west pictures and "features."

GERMAN PRODUCT FAILS

German films threatened at one time to be serious competitors of American films but owing to bad exploitation and the fact that a number of their older productions were sent to Cuba they have not continued to sell.

Recently a movement was started for a censorship in Cuba and the government made tentative plans to meet the demands. This movement has gradually ceased and with the more complete dominance of the market by American films which have passed the censorship boards in the United States it has not been renewed.

New Trial is to be Sought in Croker Case

(BY CABLE-EXCLUSIVE DISPATCH.)

DUBLIN, June 22.—It is now definitely stated that a new trial of the Richard Croker will suit will be sought. Before the Lord Chief Justice yesterday the counsel for Richard Croker, Jr., and Mrs. Sibbel White asked for an extension of the time during which an appeal may be lodged.

In the ordinary course Saturday would be the last day. The motion to extend time will be formally made today.

ARIZONA TEACHER TO TAKE SAN DIEGO POST

(EXCLUSIVE DISPATCH.)

TUCSON (Ariz.) June 22.—Glen Perkins has announced acceptance of the principalship of the San Diego High School and will leave the local high school in August. He has had pedagogical work in the Kansas State Teachers' College, Ottawa University, University of California and Stanford, taking a master's degree in the last named.

NEW ALASKA ROUTE FOR ORE SHIPMENTS

(BY A. P. NIGHT WIRE.)

SAN FRANCISCO, June 22.—Justifiable homicide was the verdict today of a Coroner's jury which inquired into the death of Basil Artuffo, shot last week by Prohibition Agent Thomas Warren in a raid on the Artuffo home. Artuffo's widow, also wounded in the affray, at first charged that her husband was shot without provocation and a revolver planted near his body, but later admitted the weapon was his and that he had opened fire on the raiders.

EXONERATE DRY AGENT IN HOME RAID SLAYING

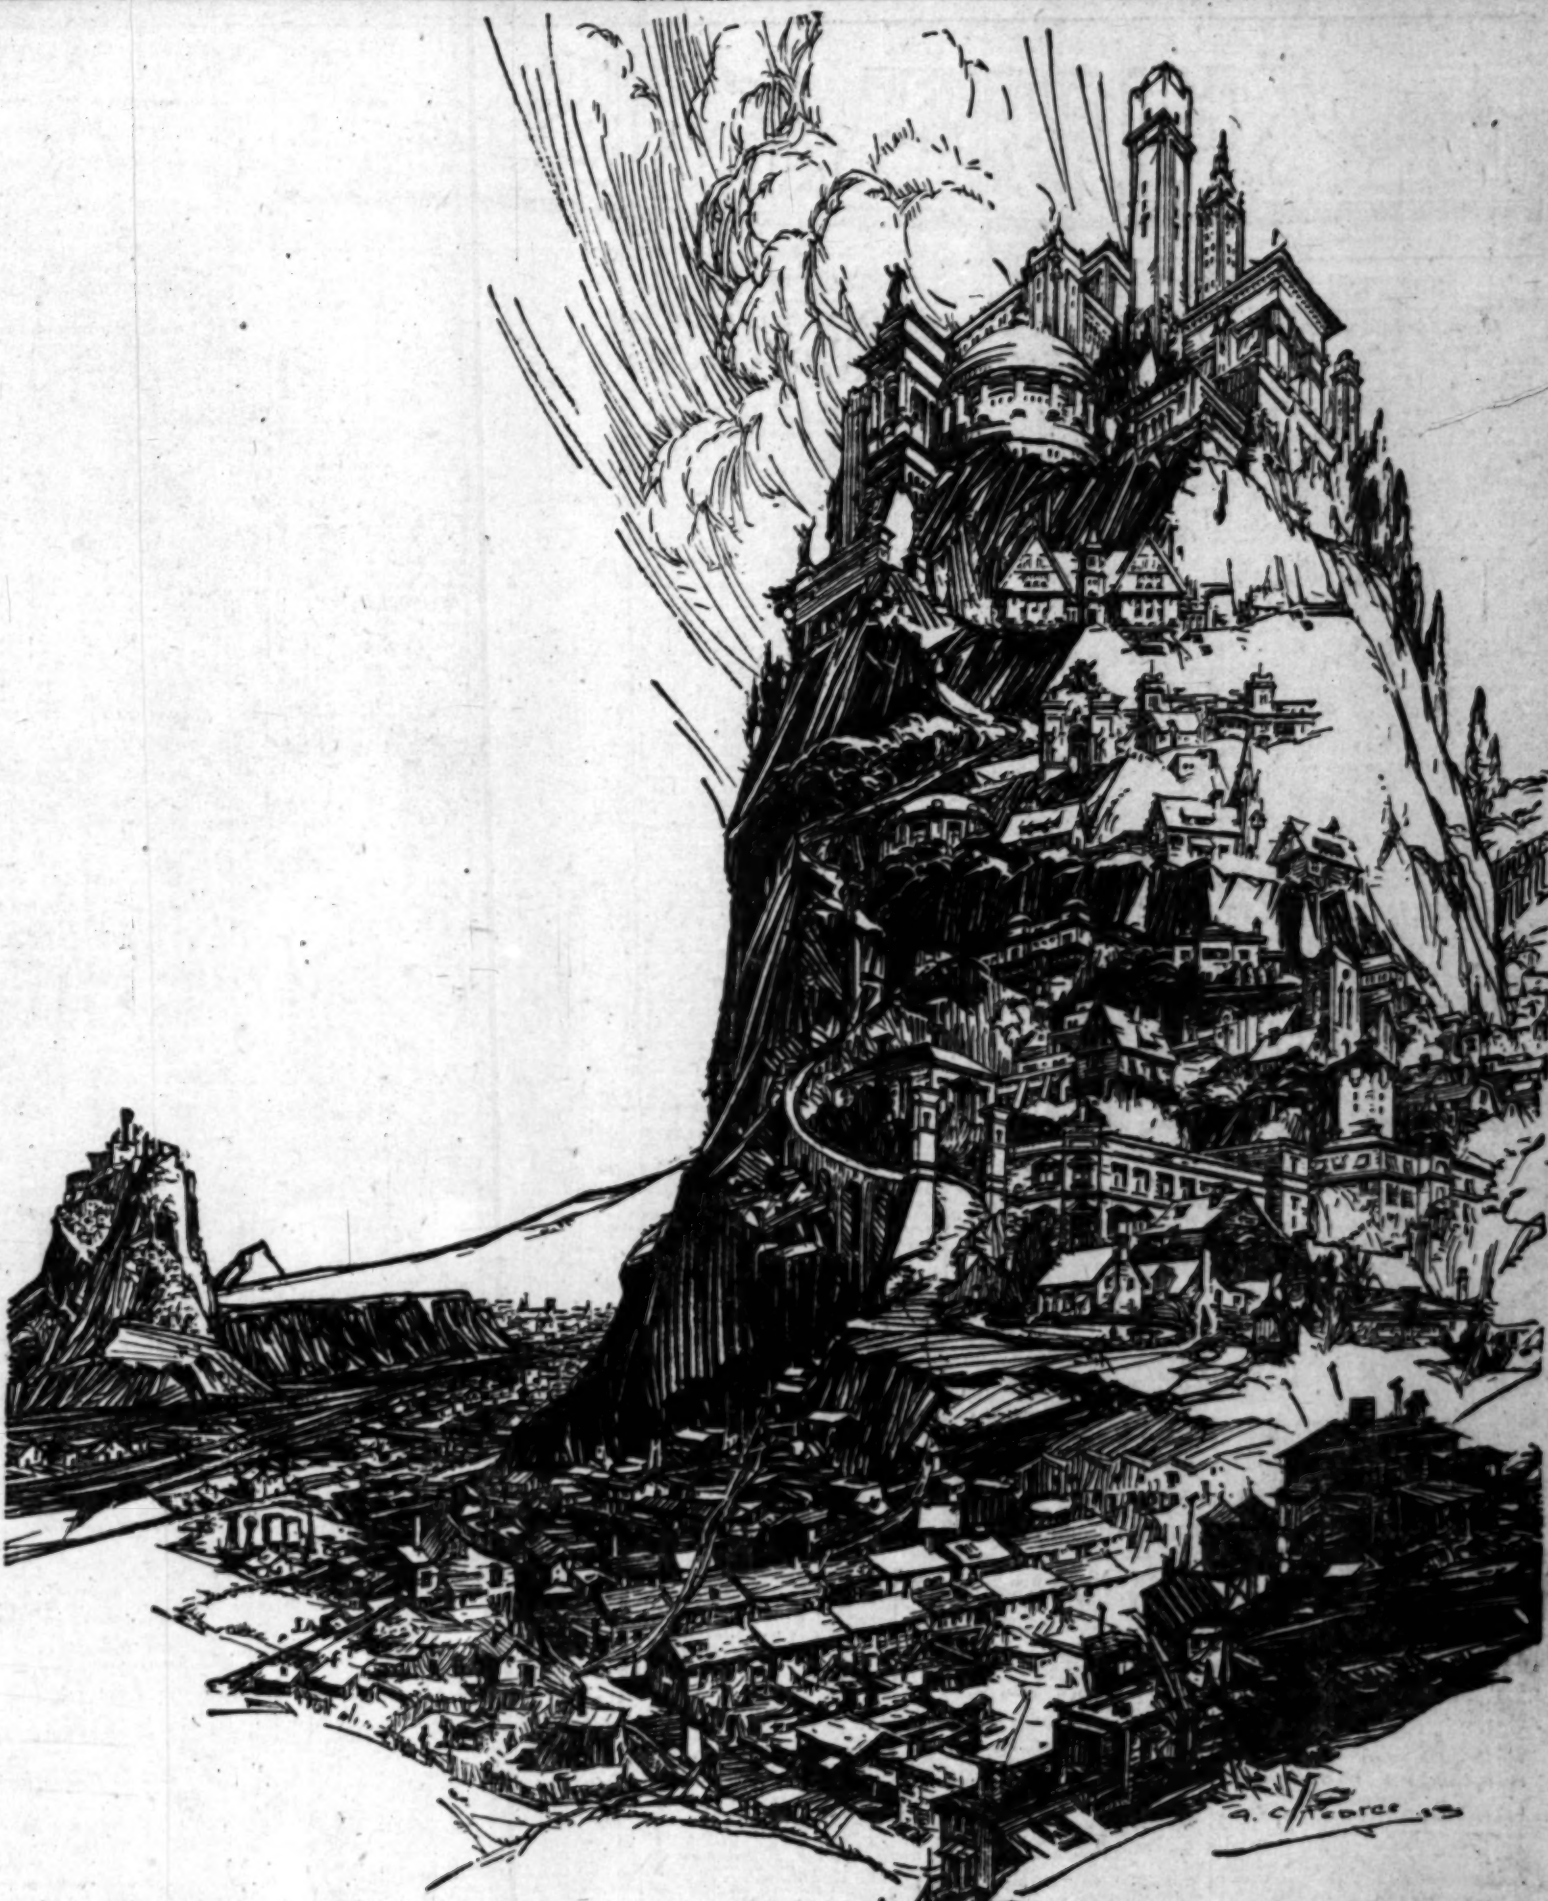

(BY A. P. NIGHT WIRE.)

ANCHORAGE (Alaska) June 22.—At Nenana, 215 miles north of here at the junction of Alaska Railroad and the Tanana River, are seventeen carloads of silver ore, valued at \$250,000, the first shipment of which is expected to prove a voluminous movement of the produce of Yukon Territory by a new route to the outside world.

SAN DIEGO ENGINEER HEADS ELECTRICIANS

(BY A. P. NIGHT WIRE.)

SAN FRANCISCO, June 22.—L. M. Klauber, San Diego engineer, today was elected president of the Pacific Coast Electrical Association at the final business session of the organization's convention. William Bauerhite, Los Angeles, and Frank A. Leach, Jr., San Francisco, were named vice-presidents.

THE HILL-TOWNS of AMERICA

Imagine all our American towns and cities as hills rising from a level plain—hills of endeavor.

The inhabitants living on the sides of these hills, their altitude depending on their worth-whileness in the community; the poor and shiftless and indolent clustering around the base and struggling a little way up the sides—the more able they are, the higher they get up the hillsides.

At the bottom are the people who never read a newspaper, or anything else.

As you go up the hill, you begin to reach newspaper readers, and as you go higher the people get better and read better newspapers, and read more intelligently.

And as you approach the top you reach the people who are the leaders in thought and action in that community—the heads of its businesses

and the leaders of its professions. They read the newspapers, but they demand something more than newspapers. They demand The Digest.

You can go as high as you like after that, you will not get above The Digest.

So all the upper section of any community are newspaper readers. And the upper section of the newspaper readers are Digest readers.

On the upper reaches of these hill-towns are the men and women who have got somewhere, whose positions are so high, whose contacts are so many that they are multiple customers, buying goods or influencing buying in many capacities for their homes, for their offices and for their factories.

The upper half of the hill-towns of America is composed of Digest readers. As they think, act, and buy, so goes the community.

Wool Market
Dull; Prices
Irregular

[BY A. F. NIGHT WIRE.]
BOSTON, June 22.—The commercial
will say tomorrow:
"The wool market has passed through another dull week with prices rising sharply and a shade easier on the whole. The trade is disturbed and unsettled over government wool experts' unusual prediction of lower prices for the remainder of the season."

"In the West, the market has slumped up but some commitments as well as sales at the lower level are reported.

"The foreign markets are generally steady, Sydney being practically firm on the basis of Brisbane sales.

"The goods market is steady. Provision

Secured bales:

BIG BROTHER OF CHURCHES

Dr. Divine Will Assist South Park Baptists to Raise Large Sum for New Edifice

If you owned five fine lots and wanted to erect thereon a palatial residence, yet had no money to build with, if you knew a man who could and would persuade your friends to donate the "dough" for the enterprise—you'd send at once for that philanthropic financial genius, wouldn't you? That is the position of Rev. Gordon Palmer and the 550 members of the South Park Baptist Church, who own a splendid piece of property near their present church building at Fifty-first street and McKinley avenue and who also have \$4000 as a nest egg toward the building fund of \$45,000 which they expect to raise for their new church.

The campaign to raise this money will begin tomorrow morning when Dr. Divine of New York, "the big brother of churches," the man who helped the Temple Baptist Church members raise nearly \$500,000 toward their new temple—will launch the project with an address at the South Park Baptist Church. Dr. Divine will also speak tomorrow evening and every evening next week except Saturday.

BAPTISTS TO CELEBRATE
The twentieth anniversary of the organization of the Temple Baptist Church and the birthday of Rev. Robert J. Burdette, the first pastor of that church, which now has a membership of \$500, will be celebrated tomorrow morning with a special program. The favorite hymns for the late Dr. Burdette will be sung and among the speakers will be Mrs. Robert J. Burdette, Rev. Mattheus Roy, Jr., T. T. Woodruff and Rev. J. Whitcomb Brouncker. Special seats will be reserved for charter members. In the evening another special program will be given, including instrumental and vocal solo, the motion picture "Girls at the Shore" and a sermon on "The

TO DEDICATE ORGAN

Musically, at least, Southern California is independent of the world. Nowhere are finer musical instruments produced, in no section of America do more great musicians gather—and nowhere else can the artist and composer find such inspiration. These facts will be exemplified at the Holy Cross Church, Forty-seventh and Main streets, next Wednesday and Thursday evenings when the new pipe organ, built by the Robert Morton Company of Van Nuys, especially for the church will be dedicated to the glory of God and the joy of His children. Bishop John J. Cantwell will preach the initial dedicatory sermon Wednesday evening and musical programs, under direction of William F. Under, will be given Wednesday and Thursday.

ALL MASONS INVITED

The Masonic lodge of Santa Paula and Fillmore and members of about twenty-five Masonic lodges of Los Angeles and vicinity will attend services at the South Park Baptist Church tomorrow

Underdenominational.

Melody of Strings Tonight's Radio Feature

Richard Headrick, Juvenile Violinist and Film Starlet, on Children's Program

Her readings with own accompaniment were filled with humor and melody, the selections being "Us Two," "Oh, Henry! What is It?" by Frieda Peycke; "You'd Better Ask Me," by Lohr, and "The Patchwork Quilt," by Price. "Tilda Rohn, Swiss contralto, and Ethel John, pianist, both well and favorably known to the K-H-J radio audience, gave the matinee musicals. The singer, with splendid modulation and clarity, sang "Gründelwald," in Swiss dialect, and "Omira Mai Fu," by Handel.

K-H-J, 10:30 a.m. to 11:30 a.m., musical program.
K-H-J, 11:30 a.m. to 12:30 a.m., musical program.

Adda Moore, whistler, will favor with several numbers. She will be accompanied by Miss Margaret Parker, at the piano, and Miss Dorothy Carter, on the violin. Miss Margaret Parker, pianist, will play "Melody," by Rachmaninoff, and "Kamennol-Ostrov," by Rubinstein.

SERMON TOPICS FOR TOMORROW

(Continued from Second Page)

at 10:45 a.m. when Rev. Bruce Brown will preach the annual Saint John's Day sermon. The sermon subject will be "The Design on the Trestleboard." Dr. Brown's subject for evening is "The People Who Drive Christ Away from Their Swine."

BE CAREFUL, JONAH!
That is the question to be discussed by Rev. Bob Shuler in a sermon to be preached tomorrow evening at Trinity Methodist Church. Mr. Shuler announced his intention of discussing the following questions: Why are there so many divorcees? Why are there so many suicides? Why are there so many lunatics? What is to be the end of such a direction? In the morning the theme of the sermon will be "Jonah on the Wrong Track."

"BROTHER TOM" BACK
Want a free roast-beef dinner? Whoever you are, go and help yourself to a roast beef at 6 p.m. next Monday at the Midnight Mission. On that occasion, "Brother Tom" Liddicoat, who had been ill for several months but who has recovered, will return to his work and the sixth anniversary of the founding of the mission will be celebrated. Glenn McWilliams will be the speaker of the evening. The dinner is to be served in special honor of men and women who do not always find it easy to procure a good meal. Any one willing to assist in serving the dinner please call up the Midnight Mission.

TO BUY FINE ORGAN
Announcement was made yesterday by Rev. John A. Jby, pastor of the Wilshire Presbyterian Church that the congregation has placed an order with the Aeolian Organ Company for a \$15,000 pipe organ which is to be installed within the next few months. Another feature of interest in connection with this thriving church is the calling of Rev. Arthur E. Wake as assistant pastor at a salary of \$2700 a year. Mr. Wake, who specializes in work for men and boys, will begin his new duties July 1 and will supply the pulpit through August when Dr. Eby is on vacation. Dr. Eby will be in charge of services tomorrow, preaching in the morning on "I Can Do All Things" and the evening on "Man or Monkey?"

"KISS IN THE DARK"
The subject of a sermon to be preached by Rev. A. J. McPherson tomorrow at 2:30 p.m. at the Angelus Temple. A service will also be conducted in the morning. The subject for the evening address is "A Kiss in the Dark" and the musical program will include selections by the Jubilee Singers, songs by the Angelus Temple Quartet and numbers by the Temple Orchestra. The proposition of placing a broadcasting station on the temple will be discussed.

A MUSICAL TREAT
"Rocka, Don't Fall on Me," "Swing Low, Sweet Chariot," "Steal Away" and many other old-time melodies, made especially famous by the "Swing Low" quartet, will be sung at the Immanuel Presbyterian Church tomorrow evening by the Colored Christian Church Choir under the direction of Viola Harris. Dr. Harris, pastor of the Colored Man, will speak briefly and Rev. Herbert Booth Smith will give an address on "Christianity and the Colored Man." At the morning hour Dr. Smith will discuss the question "Has Modern Science Invalidated Prayer?"

"BOOK OF THE DEAD"
"King Tut is enjoying greater publicity today than he ever achieved in his life time, yet how many of the women who wear 'Tut' gowns know anything about this ancient gentleman, save that his tomb was recently discovered?" That is the statement made and the question asked by Rev. E. Burdette Backus, who will discuss "Religion in Ancient Egypt" at the First Unitarian Church tomorrow morning. A feature of the service will be a scripture reading from the Egyptian Book of the Dead.

CHRISTIAN SCIENCE
A lesson-sermon on "Is the Universe, Including Man, Evolved by Atomic Force?" will be read at the 11 o'clock service tomorrow in each of the fifteen Christian Science churches of Los Angeles. The evening service at 8 o'clock in First, Third, Fifth, Sixth, Ninth, Tenth and Thirtieth churches, and at 2 p.m. in Second church will be a repetition of the morning service. Wednesday evening meetings, which include testimonies of Christian Science healing, are conducted by all the churches.

FIRST PRESBYTERIAN
Jews of Los Angeles are invited to attend services at the First Presbyterian Church tomorrow evening when Rev. Hugh K. Walker will preach on "The Feast of Lights," and tell the modern meaning of an ancient Hebrew custom. The subject for morning is "The Creed of Creeds." The soloist tomorrow will be Lawrence M. Tibbett, member of the Metropolitan Grand Opera Company. In the evening the new lighting system, gift of Mr. and Mrs. Herbert G. Wylie, will be dedicated.

"MONEY IN WASTE BASKET"
"The Finding of a Million Dollars in a Waste Basket" is the subject of a sermon to be preached to boys and girls by Rev. J. A. Francis tomorrow morning at the First Baptist Church. In the evening the theme will be "The Difference Between a Real Christian and One Who Does Not Trust in Christ." In his evening discourse Dr. Francis will discuss "What is the Meaning of the Monroe Doctrine Celebration at Exposition Park?"

ject of a sermon to be preached to boys and girls by Rev. J. A. Francis tomorrow morning at the First Baptist Church. In the evening the theme will be "The Difference Between a Real Christian and One Who Does Not Trust in Christ." In his evening discourse Dr. Francis will discuss "What is the Meaning of the Monroe Doctrine Celebration at Exposition Park?"

PRaises Mrs. Eddy
"Mrs. Eddy chose the two greatest words available when she named her cause 'Christian Science.' The only thing that could be made better would be more of the same." Those statements were made yesterday by Rev. Frank Dyer, pastor of the Wilshire Boulevard Congregational Church, who will preach at the Ambassador Theater tomorrow morning on "Why I Am a Christian Scientist." Copies of Dr. Robert Millikan's address of "Science and Religion" will be distributed among those attending the service.

WESTLAKE PRESBYTERIAN
Fred Butler, a famous interpreter of religious music, will conduct a song service at the Westlake Presbyterian Church tomorrow evening. He will also give a brief lecture on "Gospel Hymns." Following Mr. Butler's address Rev. G. A. Briggles will preach on "Modern Scholarship and the Blood of Christ." The topic for morning is "The Crucified, Risen, Coming King."

THE HEAD HUNTERS
An illustrated lecture on "The Head Hunters of the Solomon Islands" will be given at Trinity Auditorium tomorrow evening by Rev. R. C. Nicholson of Australia, who spent seventeen years among the savages. Dr. Nicholson will also show pictures of thousands of the head hunters after their conversion to Christianity and will present the contrast between their former and present conditions. In the morning Rev. E. E. Helms will preach on "The Parable and the Paradox."

"HOW TO SUCCEED"
Rev. William MacCormack, D.D., Dean of St. Paul's Cathedral, will preach tomorrow morning at the Scottish Rite Auditorium on "What Everyone Must Do to Succeed." In the evening the speaker will be Rev. H. Nowell, vice-president of the Rotary Club of Northwich, Eng.

"SELFISHNESS"
"What is selfishness? What are its rights and limitations?" These questions will be discussed by Mrs. Lella S. Casberg, of the Church of Divine Power, in an address to be given tomorrow morning at the Morocco Theater. Sunday-school will be conducted at 10 a.m., followed by a song service. Violin solos will be given by Sol Cohen.

CHURCH NOTES
Rev. M. Howard Fane, pastor of the Wilshire Congregational Church, who, with his family, will leave Los Angeles next week for a vacation in the Northwest, will be in charge of the church during his absence. The church will continue to hold its regular services. The church is also holding a series of lectures on "The History of the Church of Divine Power" by Rev. M. A. Blyman, which will be held at 11 a.m. and 7:30 p.m. The church is also holding a series of lectures on "The History of the Church of Divine Power" by Rev. M. A. It is very comforting to know that Anti-Pest may be sprayed on all woolen and fur garments which are in danger of being ruined by the hot months, without the overpowering odor of camphor balls. You know you may even keep fur and woolen garments hanging in your closet and, by sprinkling occasionally with Anti-Pest, keep the moths out. Horace Moll, 729 W. 9th, (4444), is the manufacturer. Phone, write or call and see that a can of Anti-Pest is delivered to try.

Seems funny that in hot weather there is nothing that appeals so greatly to the palate or touches the right spot quite so much as a well-made salad, over which is poured either French dressing or Mayonnaise in which Castruccio Bros. Virgin Olive Oil is used. Nothing can equal the taste of this finest oil, nothing is more beneficial, and you will love it when you taste it and endorse over the superiority of Castruccio Bros. Olive Oil, which all first-class grocers sell.

"My beautiful tile around the fireplace are dreadfully discolored and no amount of washing has restored them to their original whiteness. Can't you suggest a way to clean them?" was the sob-story of a woman encountered several days ago. At once Bobrick's genuine Cloudy Ammonia was recommended. Yesterday she phoned that the "cure" worked and that Bobrick's Cloudy Ammonia had won a true friend for ever more in her. No home should be without this remarkable household preparation.

The benefits which are derived from the use of bath salts as beautifying as du Moll Orange Bath Crystals, should eliminate forever the idea that such a toilette requisite is a luxury. If you once experience the difference, know the restful feeling du Moll Orange Bath Crystals impart, see the way the soap lathers, note the improvement in your skin, all the while enjoying the fragrance; then will you have a standing order for Horace Moll, 729 W. 9th, to keep you supplied. Just think, but \$1 a pound, delivered or mailed anywhere, free.

A box or chest made of any soft wood, the inside lined with oil cedar, will answer the purpose of a cedar chest for storing any woolen goods not in use.

There are so many things you may want to do with your furniture this summer, you may desire to just store the rugs and musical instruments while away. The Lyon Storage Co., 1958 S. Vermont, will gladly guard them in their especially built rooms; then again, you may think it best to have the house furnishings stored. The Lyon Storage again to the front. Their is a service which women may call upon with the knowledge that implicit faith in their trustworthy handling of her chattels will be forthcoming.

Walnut and Potato Salad: Chop six cold boiled potatoes, one-half cupful of nut meat, one small cooked beet, three or four pickles, a stalk of celery, one-half of a green pepper finely shredded, and one cupful of thick, rich, highly seasoned boiled dressing. Press into a mold and let stand to chill. Serve on lettuce that has been sprinkled with onion juice.

A comparison between the so-called certified ice, or common ice, and "Frozen Steam." When you become interested in any woman desirous of improving conditions in her home, "Frozen Steam," because of being made from artesian well water, which is made into steam by being raised 400 degrees above zero without contact with the air (which accounts for all impurities being eliminated) melts more slowly, keeps the box much colder than other refrigerants and, when melted, contains not a trace of sediment. Being an exclusive product of the Merchants' Ice and Cold Storage Co., phone them at Main 4662 and ask for a driver to call.

Hot Egg Bread is good. Beat two eggs until light, and add one-half cupful of sugar. Measure and mix together three cupfuls of flour, one teaspoonful of salt, and four tablespoonfuls of baking-powder. Add alternately with two cupfuls of milk, pour in two tablespoonfuls of melted shortening and beat well. Bake quickly.

"There isn't anything my 'Roper' Elipso' stove cannot do." A woman experienced in cooking exclaimed the other day, and she even went so far as to say that she found it so superior to every other gas range she had used that nothing would induce her to ever have any other make again. This news following the receipt of the announcement that the Los Angeles Furniture Company, 729 South Hill, were giving a special price of \$42.79 on the Roper Elipso should send you flying into the store to further investigate and order such a highly recommended stove.

You know, apple cider (if it's the Jones brand, pure and sweet and made oh, so carefully from the choicest apples grown) is the finest kind of beverage to have on hand to drink on all occasions!

Can't you picture the children's faces when they are promised a glass of Jones cider and some fresh ginger bread—why, they will actually jump up and down with glee. And though Dad is a bit too old and dignified to show his appreciation of this delicious cider in the same way, doubtless he will give vent to his feelings by smacking his lips loudly and passing his glass back more than once.

But then, why shouldn't Jones Pure Apple Cider receive such a cordial reception? Isn't this well-known firm been making cider for twenty-seven years, during which time its flavor has been steadily improving until today it is a truly beneficial, physicians can tell you that.

With hot weather at hand and the attendant thirst which heat promotes, it would be a mighty good thing for you to have a case of Jones Cider on hand. As all good grocers sell it there will be no difficulty in having your order promptly taken care of. Don't forget to ask for the Jones Brand, will you?

A woman's love of "a sample" is what doubtless prompted Simank Bros., 725-727 W. 9th, to depart from the usual and take to their customer's home a curtain or drape which will be just like the one she wants made, with out the bother, fuss or risk of having them spoiled. Simank Bros. prices are low, workmanship and original design commendable. Phone 820-767 or call. Parking plenty.

Your dearly loved old family flat silver, once more in use, think how lovely that would be, and it can be a "dream come true" for L. N. Greengard, 239 1/2 So. Spring is quite the most famous silversmith in the city, repairing and replating any kind of silver or gold, charging for table spoons, and forks \$1.50 a dozen, teaspoons \$1.75. Now why not take your silver to him at once?

Cucumber Dressing—One large cucumber, one-half teaspoon salt, one-half cup sour cream, one-quarter teaspoon white pepper, one-quarter teaspoon mustard. Slice the cucumber, place in ice water for ten or fifteen minutes, drain and chop fine. Whip the cream, add the dry ingredients blended together, add the chopped cucumber, mix well, chill and serve with fish or vegetable salad.

Some people seem to think White King Washing Machine Soap, which is in powder form, is only intended for washing machines. Not at all! Of course, there is nothing better for such a machine, but goodness! this wonderful soap, which the L. A. Soap Co. has given us, is simply ideal for any kind of washing, not alone of fragile garments, perfectly precious sweaters and delicate colored frocks, but for the more practical home uses. Your grocer sells it.

Sponging with lukewarm water is the only remedy for perspiration stains on colored silk.

Cottage cheese is a most delectable dish which you can always depend upon being welcomed by the dainty and fastidious of taste as well as those known as "substantial eaters." When you become lustily hungry on a picnic, sandwiches made with L. A. cottage cheese, chopped nuts and dates taste mighty good, though eaten plain and thinned with cream is always a popular way to serve it. Each day you may buy it fresh in a waxed carton, which assures you of a perfectly sanitary dairy product—ideal in summer—ideal in winter and extremely healthful at all times.

Turn the colander upside down over foods that are frying. This will keep the grease from spluttering on the stove, at the same time allowing the steam to pass through the openings.

At last you may have your kitchen floor covered or recovered with linoleum which will wear beautifully for it has the canvas back and is selling as an extra special for 48 cents a yard at Albert L. Walters, 816 Main.

A little vinegar poured over french fried potatoes by some is considered a distinct adjunct to their taste. Try it!

Some things, such as valued paintings, silver and bric-a-brac, cannot be replaced when stolen, so why not act on the suggestion that you remove such valuables to the Security Trust and Savings Bank's storage vaults at 7th and Spring (though the same service is rendered at any one of their twenty-one branches), and enjoy your summer vacation to the utmost. A suggestion—phone at once for further information.

ORDERS HOLD UP PARK LAND RUSH

Los Feliz Ranch Not Open to Homestead Grants

Future Applications Will be Returned With Fee

Right of Appeal Open to Those Who Have Filed

The end of the rush to homestead lands located within the boundaries of Los Feliz Rancho, now known as a part of Griffith Park, was indicated yesterday by the receipt of a telegram from the acting commissioner of the General Land Office to Register Valentine and Receiver Smith of the land office here, then to the Secretary of the Interior Work asking whether they should not refuse to receive the applications for homestead in the land area referred to. The reply to the telegram was as follows:

"Homestead applications tendered for lands embraced within the boundaries of the Los Feliz Rancho are hereby rejected and the fees returned."

This means that if future offers to file on these lands are made that the blank application will be at once rejected and the money returned to the would-be homesteaders. In a case of this nature where filings were made on the Irvine Ranch, several months ago, after the Commissioner of the General Land Office held that the lands were not subject to entry, the entrymen refused to receive their tendered fees in return, and a large sum of money is impounded at the local office, although final action of the land officials in Washington has already been taken, and there remains nothing but an appeal to the United States Supreme Court.

Under the law, the asserted homesteaders who have filed on portions of Griffith Park have the right to appeal which they must prosecute within thirty days. The two applicants for the Los Feliz Rancho land can, therefore, under the ruling of the acting commissioner, call at the land office and have their money returned.

An appeal to the secretary of the Interior, and then to the United States Supreme Court may be prosecuted under the law.

The case of the persons who are accused of having accepted money in return for "valuable information" concerning the Irvine Ranch still pending before the Federal grand jury.

There were no additional entries for a section of Griffith Park yesterday.

ACCUSE GIRL OF CASHING BAD CHECK

Police Charge She Drew on Bank After Transfer of Fictitious Account

Jeanne Kanyol, also known as Jeannet Kimbell, pleaded not guilty yesterday before Judge Avery in Superior Court to a charge of cashing a fictitious check on a bank in Pasadena. Trial of the case will be set for some time in July, it was stated.

According to Dep. Dist. Atty. Hill, Miss Kanyol went to a bank in Pasadena, introduced herself as a young widow who lived in Santa Monica but who liked Pasadena and intended to locate there. She told the teller, according to the complaint, she would like to transfer her account from a Santa Monica bank to the Pasadena institution.

It is charged that Miss Kanyol deposited a check on a bank in Santa Monica for \$125 in the Pasadena bank, then retired a short time later, saying she had found some adorable dress and would like to check against her account. It is asserted, the Pasadena bank officials found the woman did not have such funds in the Santa Monica bank.

At the time of her arrest, officers stated Miss Kanyol said she cashed the check because she was starving. Investigation, however, officers asserted, showed that she had gone through the same procedure in cashing checks in San Diego and Coronado.

New Division Is Formed to Aid Probate Court

The constant increase in the number of cases filed in the probate division of the Superior Court resulted in the establishment of two such divisions at a meeting of Superior Court judges yesterday. The addition of the new probate division will necessitate a general reassignment of judges, it was stated.

Under the new arrangement Judge Willis will take the bench in Department Two of the Probate Court, succeeding the late Judge James C. Rivers, who died a few days ago. Judge McCormick will preside in the second division of the Probate Court.

Judge Willis will be succeeded by Judge York in Department Fifteen and Judge Shenk will succeed Judge McCormick in Department Twenty. Judge Shenk's successor will be appointed in September. Until the new arrangement becomes effective Judge Clock will handle all Probate Court matters. He will act in this capacity until the vacation period is ended.

SCRATCHING GIRL FINED FOR RACING

Bites and Gouges Police Sergeant as He Takes Her to Station House

His face covered with plaster and bandages, Police Sergeant George Day appeared in police court yesterday at Los Angeles Harbor to prosecute a charge of reckless driving against Isabelle Dickson, 21 years of age. The bandages, Sergt. Day declared, covered wounds caused by Miss Dickson's finger nails. Police Judge Sheldon fined her \$100, which she paid.

"I caught this young woman at 1:30 this morning racing another car along Beacon street," said the sergeant, gallantly omitting any mention of his wounds. "I pleaded not guilty. I wasn't driving recklessly," said Miss Dickson.

"I believe you were, and when a young woman mixes her drinks and gets behind the steering wheel she is entitled to the same punishment a man would get under the same circumstances," said the court.

Sergt. Day said while he was driving Miss Dickson to the police station she attacked him with her teeth, and that he had to drive with one hand and hold her off with the other. His face was covered with blood and lacking much skin when he arrived. She tried to scratch him more in the station house, he said.

BOND THEFT CASE DELAY GIVEN STATE

Bail of Mrs. Warsaw is Reduced to \$5000; Woman Still in Jail

The hearing of Logan Loughborough and Mrs. Hattie Warsaw, charged with conspiracy to commit grand larceny, scheduled for yesterday morning in Justice Hanby's court, was postponed until Monday morning at the request of the District Attorney.

The couple were arrested on warrants served to by William Warsaw, which charged that the couple had conspired to steal bonds valued at \$1000 from him.

Loughborough is president of the Consolidated Bond and Mortgage Company, while Mrs. Warsaw is the wife of William Warsaw, a wealthy cafe owner of Chicago.

They were arrested at the home of Loughborough, 542 North Arden Boulevard.

Upon consent of Dep. Dist. Atty. Pitts, Mrs. Warsaw's bail was reduced from \$10,000 to \$5000. She will remain in the County Jail until the hearing Monday, however, according to her attorney, Al McDonald.

W. W. Ostrom, attorney, appeared for Loughborough, and joined with McDonald in objecting to the continuance of Loughborough's bail remains at \$10,000.

Lighter fines than usual will be the order of the week, it is understood, and prison sentences, where imposed, will be less than customary. Minor offenders will be treated with special clemency, though it is declared regular bootleggers need not expect much in the way of mercy.

The week will furnish also, it is expected, a test of the responsibility of some of the bonds that have been given in liquor cases. It is considered not unlikely that forfeiture of a number of bonds will be necessary.

LARCENY CHARGED

Bail Set at \$10,000 for Altered Telegram Fraud

James A. Wilkes, an asserted expert in writing begging telegrams under assumed names, was held to answer on a grand larceny charge by Justice Hanby yesterday, bail being fixed at \$10,000. Officials of the Western Union Telegraph Company told the justice they were ready to prosecute any one of thirty or more charges against Wilkes, Dep. Dist. Atty. Heinicke conducted the charge against him.

Wilkes' arrest was caused when it is asserted, he tried to get \$150 sent to F. V. Webb of Glendale by eastern relatives, who had received a telegram that Webb was ill and had to have the money immediately for an appendicitis operation. The telegram directed that identification be waived. Then, it ever had to be delivered to Santa Ana and telephoned the Glendale office to send the money there. But the Glendale operator knew Webb, and being suspicious, telephoned him and learned that he had sent no begging message.

Burr's Buttermilk

The safe beverage for bathing picnics is Burr's Buttermilk—it aids digestion and lessens the dangers that attend bathing in the open waters soon after eating.

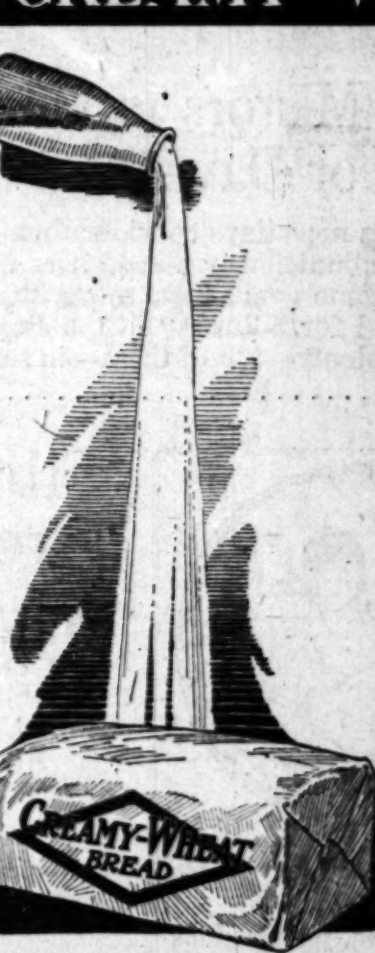

Burr's Buttermilk is made fresh each day and is obtainable at most good cafes and restaurants—also delivered to your home in bottles.

Real estate listings categorized by location: HOLLYWOOD, BEVERLY HILLS, HUNTINGTON PARK, CITY LOTS AND LANDS, BUSINESS PROPERTY, etc. Each section contains multiple listings with details on property features, prices, and contact information for real estate agents.

14

This image shows a dark, vertical, textured strip, possibly a book binding or a piece of fabric. A lighter, textured strip runs vertically along its left edge. The overall appearance is that of a close-up of a material with a fine, woven texture.
